Subject: LPRSA - Revised Draft BERA

Rob,

In a June 6, 2016 email, EPA provided follow up to the CPG regarding the EPA Region 2 Sediment Quality Triad methodology applied to reference areas above Dundee Dam, Jamaica Bay and Mullica River/Great Bay. In that June 6, 2016 email, I asked CPG to let me know if they would like to discuss further or if there were any questions. As of the date of this email, I have not heard from CPG on the matter.

In accordance with Paragraph 46 of the Settlement Agreement, the Settling Parties shall submit the revised draft Baseline Ecological Risk Assessment no later than 30 days from the date of this email.
